REF: 2005 BLUE LANERN GUIDEBOOK

¶1. Summary. The Indonesian Air Force (IDAF) verified on June 19 that the IDAF has ordered the C-130 components detailed in reftel through their local agent PT. Citra Wira Bawana (Citra). We also contacted a Citra official on June 2 and July 3 and verified the order. We will provide Washington with a summary of the company profile and a copy of procurement contract, upon receipt from Citra. End summary.

¶2. We contacted Ms. Milany T. Luwena, Director of P.T. Citra Wira Bawana on June 2, to inquire about the company's status and and confirm order number 05-993859 (T56A-15LFE C130 Aircraft engine) and 05-993860 (spare parts and components for C-130 aircraft). According to Milany, Citra is a subsidiary of Karel Enterprise Pte. Ltd. Singapore, and has supplied aircraft spare parts to the IDAF since 2005.

¶3. Milany agreed on July 3 to provide us with a company profile of Citra and a copy of the procurement contract with IDAF. We will email the scanned version to Washington to attention of Rebecca Valerin upon receipt. Milany also confirmed that Citra is aware of the restrictions of USML articles, including restrictions on re-export.

¶4. We also met with Indonesian Air Force Marshal Sunaryo on June 19. Sunaryo confirms that IDAF has ordered the components listed in reftel. He did not specifically confirm whether IDAF has USD 50 million available for these acquisitions.
